Three-Year Trend

Growth Determination

A district rated in Academic Emergency or Academic Watch will move up one rating (to Academic Watch or Continuous improvement, respectively) if it has demonstrated growth through steady improvement in its Performance Index. Districts already rated as Continuous Improvement or higher are not impacted by the growth determination.

Last Year	66.9	Two Years Ago	53.2
This Year	78.6	This Year	78.6
One Year Change	11.7	Two Year Change	25.4

Did the performance index improve by at least three points since last year?

Has the performance index improved by at least ten points over the last two years?
